OH, BUDDY, ISN'T THIS GAME THRILLING? DON'T YOU WISH YOU WERE THERE?

NOPE!

COPY THIS AD AND LEAVE WHERE PARENTS CAN SEE

Go ahead, spoil him. It's Christmas.

He's too old to write Santa, but you know he'd flip if you gave him a home race set this year.

So while you're about it, get him the best: Revell. You'll find exciting features like big, easy-to-read lap counters that record 50 laps, and a high-speed banked track. Cars accelerate through the steep banked curve, then roar out in a blaze of speed. Lanes in the bank widen so cars can pass in the curve!

Revell's strong track is made to flex, not break. All sets include crash fences for curves. Different

types of track sections make possible endless variations to the track layout.

Revell's swift new cars have indestructible bodies and chassis.

Self-adjusting gears stay in perfect mesh indefinitely. New "cheater slick" rear tires improve pick-up and traction.

The heavy-duty power pack has power to spare for that extra surge of speed,

plus a built-in circuit breaker for safety. Hand controllers have built-in brakes and positive control.

So go ahead, spoil him a little with a Revell Home Race Set. He's been an angel all year, right?

Hi, Grandpa!

It's great having you with us... and we promise you won't be dropping out! (Come, there's gonna be lots of good fun whenever you get together). Now I think it's about time you read the other members of our team too!

—MURDER BASTARD! He's the bad, dark and scary one! I'll bet a lot of you like him! He's a real, real

But there's **SCODY BARTER**. He's the sad, dark and handsome guy over there on the left! I'll bet a lot of you want some things in common with Scody! He's a mix for sure! He's got a lot of things in common with the other members of our team except...

And that brings us to this dark-haired clerk in the corner — you can't miss her, she's the one with her eye on Brady! Let's just say that having Desmond on Brady for a second in order that going out and making an error! Of course, you can always tell where Brady is up tight about something — and that something is always related to involve US and the immediate world.

"I suppose you've already noticed those other two people
 the cops OVER THIRTY? They're known as Moan and Dud
 to all. But you can tell them. Mr. and Mrs. Amberson!
 Let's give it. For two parrots they make a pretty nice set -
 and they don't have too much trouble bridging the
 communication gap!"

[illegible]

"I guess the only one left to introduce is me. I'm the not-so-very-old brother-in-law who's been married to your sister for over 10 years. The name's Debbie Anderson, and you know I've already figured that one out - and I'm glad you could make our happening!"

Debi

[illegible]

"They speculated they had no safe haven in Switzerland," he said, and he was surprised by the Commission's finding that it should be treated as a hostile state with one part of its assets in Switzerland. "I'm not sure that's a fair assessment," he said. "I think it's a fair assessment that it should be treated as a hostile state with one part of its assets in Switzerland."

Cutty Sark

The clipper Cutty Sark could outrun them all. She carried almost three quarters of an acre of sail, and moved at an incredible 27 knots. She was the most famous of the China Clippers. These "grayhounds of the sea" ran the Great Annual Tea Race from China to England, with the first of the season's new tea. The winner could demand top dollar for his cargo. Revell's new model kit of the Cutty Sark looks just as fast as the original. The kit is designed for easier, fun-usual assembly. You can build it in a weekend. Less than \$6.00, and you'll be proud of the result.

IT'S A GROOVE!

"It's a Groove", is a teen experience created just to put all you good chicks and guys on to what's happening about, for, and to all your faces. We have the latest and the absolute greatest inside info—and now it's Yours Truly!

Don't be too sad that the Beatles' Apple boutique went bump in the night—rumor has it that the Apple Corp is now devoting many hours in the day to the production of a new film by a bright Japanese writer, Yoko Ono! The full-color flick has been christened "Film 5", and at least 90 minutes of the hour-and-a-half running time will be about John Lennon smiling! Good luck, John! Say cheese a lot!

Pretty people of the month, Micky Dolenz and his fab new wife, Samantha! And isn't it too bad that Paul McCartney and Jane Asher have really called it quits! Coulda fooled us—we thought they'd kiss and make up! We hope Robin Gibb of the Bee Gees has fully recovered from his illness! Saïd Khan is also nice! The nicest.

We couldn't be happier about the great news—that the dynamic duo, Sonny and Cher, are expecting! Wouldn't it be just too much if they and twins . . . a boy for him, a girl for her! They certainly deserve all the luck in the world 'cause Sonny and Cher have always projected a feeling of true love and devotion to one another . . . and most of all they proved that teens can wear without threads and still be good people! The best! Of course, you know that at one time the couple was not welcome at certain of the better hotels in New York. But over the years Sonny and Cher proved to a doubtful society and hotel managers that it's not the clothes or the hairstyle that make the person! We knew that all the time!

The latest thing among the NOW crowd is to get yourself invited to one of Tiny Tim's happenings. Tiny man comes on a little weird but underneath all that hair and curious manner is a deep and truly sensitive person. Among the guests at the party supper after Tiny Tim's opening concert were David Arnes, Jr., Saïd Khan, Phyllis Newman, Patric Kilmear and even George Takei of Star Trek Hurray for the Laugh-in! We love them all!

Gladie—you know the cute little blonde who plays dumb and has a psychedelic body-paint job almost every show, well, we think she's just too much! Also we have it on the very best authority—it takes brains to be dumb! And the "very interesting" man, Arte Johnson, is also a gas but believe it or not he's been around for a long time, but it took a show like Laugh-In to discover he had such tremendous talent. And let's keep rocking it to groovy Judy Carne—I just can't wait to dig the scene once more in beautiful downtown Burbank! Yeah!

What you've all been waiting for has finally happened—Mick Jagger has just scored in a new flick filmed in England. "Performances"! Who knows, it may be out by the time you read this.

If so, you won't have to wait to agree with us that Mick is just too good for words! Happy Oscar! Other movie news, Peter Onnos (Herman's Hermits) is into his third motion picture, and believe it or not, it's just possible this one could be a murder-thriller with shooting locations in the U.S.A. and England. Could mean a whole new image for the adorable Peter.

Not heard from in a long time but still largely loved, Elvis Presley is about to do an hour-long TV special for NBC, to be aired December 8. All of El's golden hits will be heard, but most important is a beautiful new sound called "My Dream"! We hear tell that this song will definitely mean that another side of Elvis is about to be seen!

Let's groovy people hang out at the Whisk-A-Go-Go!

For you don't know about LEN WHITTING (Star of Romeo and Juliet)

1. Born June 30, 1940
2. Eye color, blue-grey
3. His first major acting role is "Romeo and Juliet"
4. Height, 5'7"
5. He once sang with a local pop group in London—an agent heard Len and encouraged him to go into acting
6. He digs the English countryside . . . his cat Chuck and Bob Dylan.

That's it, good people! Dig you again soon!

KARATE

WHAT IS KARATE?

Karate is the supreme art of self defense. It is more effective than boxing, wrestling or judo and offers lightning swift defense against any and every attack. A judo instructor told me that he has seen a karate student, 100 pounds less than a professional boxer, wrestling over 200 with one push, stopping the fight in only 40 seconds of pressure points and facial nerve control.

Have you ever run a railroad? Here's your chance!

Revell's new N-Gauge train sets in 1/4th the space of the usual train layout... that's the beauty of it. Set it up on a table top or any other convenient place. It's the year-round "apartment" train that's never in the way. It's carefully and expertly built by hand. To last. A real jewel of a gift that does everything an HO layout does.

Every Revell N-Gauge train set comes complete with track and a variable-speed power pack. All the control you need to highball it or crawl it, to drop a full car or release into a siding for an empty one.

You can build as large a railroad empire as your table will hold. There's a complete line of Revell accessories: things like steam and diesel locomotives, freight and pas-

senger cars, track, switches, signals, crossing gates, buildings and bridges. You can even get a complete operating roundhouse and turntable. Or a realistic landscaped layout, complete with trackside bridge spans, siding, hills and a lake.

There are six N-Gauge sets to choose from, including passenger or freight trains and diesel or steam locomotives.

Any one will look good on your table top. Revell, Inc., 4283 Glencoe Ave., Venice, Calif. 90291
